# BRAND PROFILE

---

We are a specialised designer, manufacturer and exporter of high quality upholstered beds. With more than 10 years of manufacturing experience, our factory has won wide customer recognition for its excellent workmanship and quality. In order to further expand into the international market and provide better service, we set up a trading department - Tianjin Avenue Import & Export Trading Co.

We always adhere to the concept of 'quality first' and regard product quality as the core of enterprise development. Through strict control of every production process, we ensure that every product that leaves our factory meets high international standards and provides customers with an excellent experience.

At the same time, we actively cooperate with our customers to develop the local market, provide customised solutions, and work hand in hand with them to grow together. For example, we have worked closely with partners such as CONFORAMA, CAFOM and KOGAN to develop and improve products for the needs of the local market, and have achieved remarkable success.

In order to better present our products and services, we participate in several international furniture exhibitions every year, such as CIFI in Guangzhou, Furniture in Shanghai, and in Cologne, Germany. These exhibitions have provided us with the opportunity to communicate directly with our global customers, and have earned us the recognition and support of many customers for our products.

In the future, we will continue to adhere to the innovative design, improve the manufacturing process, and devote ourselves to providing the best quality furniture products and services to our global customers.
